Congratulations on your Blue Awards

Aanshi Bansal,
way to go above and beyond.

Thank you Aanshi for all your contribution on Payment Automation team. You have been instrumental in clearing a lot of tech-debts on PA application, taking ownership of business deliverables, innovating new things into the platform and at the same time, leading out the efforts on designing UI for C-series POC and check-printing part. Keep it up.!

Regards,

Vikrant
